## How to become a supplier of the nuclear industry?

### Step 1

#### Know more of the Customer's needs

VISIT the official site on placement of orders for the procurement of goods, works and services for the needs of the State Atomic Energy Corporation ROSATOM — <http://zakupki.rosatom.ru> — for placement of procurements that are financed from proprietary funds and extra-budgetary funds.

The official site of the Russian Federation for placing of information on public procurement — <http://zakupki.gov.ru/> — for placement of procurements that are financed from the federal budget funds.

The official site of the Russian Federation for placing of information on procurement for certain types of legal entities — [http://zakupki.gov.ru/223/](http://zakupki.gov.ru/223/clause/public/home-page.html) clause/public/home-page.html — for placement of procurements that are financed from proprietary funds and extra-budgetary funds.

On these sites you will find:

- Annual procurement program
- Up-date information on current procurement
- Procurement archive
- Methodological base

Annual procurement program will help you to prepare for participation in procurement procedures: to get additionally required certificates, licenses, to study the prices, to form offers.

Also you can, by selection of specific procurement, to plan their activities more efficiently and to prepare for specific contracts, construction, supplies, pre-study terms of contracts execution, to estimate them with your capabilities.

### Step 2

#### Find the information on the procurement

##### You should access
